

Currently, Marshall Public School District will not have an After School Program during the 2012-2013 school year. We have applied for 21st Century Community Learning Center funding, but will not know about receiving the award until later this fall. If we are awarded this grant we plan to start in October 2012.

Please check back for more details.

We sincerely hope to receive these funds again so that we can continue to provide our community with an outstanding After School Program.

Thank you for your support.
